

What I should already know

1	The countries and capital cities of the UK
2	Continents and oceans of the World
3	The 4 seasons of the UK in the correct order
4	The world is made of physical and human features
5	How to locate places on a map, atlas or globe

By the end of this unit I will:

- 1 Be able to explain that many food products have been **changed** (processed) before they are bought
- 2 Understand about farming and where our food comes from (physical geography)
- 3 Identify countries in the UK and their **traditional** foods
- 4 Know that our food comes from **different locations** (near and far)
- 5 Be able to compare farming in the UK with farming elsewhere in the world

Key Vocabulary

1	Products	Something made by a human or machine
