	I should already know
1	Pupils used presentation software in **Unit 2.4: We are safe researchers**.
2	Pupils developed use of presentation software in **Unit 3.3: We are presenters**.
3	They experienced audio recording in **Unit 3.4: We are who we are** and **Unit 4.3: We are musicians**.

	Questions I will be able to answer by the end of the unit:
1	What could I improve next time?
2	How do you link slides together?
3	Are there other ways in which you could use this sort of hyperlinked, non-linear presentation?

	By the end of the unit, I will be able to:
1	plan an adventure with a number of locations or situations
2	add text to a presentation
3	add images to a presentation
4	create a link between slides in a presentation
5	provide feedback on others' presentations.
	Key vocabulary	
1	Abstraction:	a process of managing complexity by setting to the side irrelevant detail and concentrating on function rather than form
2	Creative Commons:	copyright licensing scheme which permits some re-use of content without additional permission, subject to specified conditions
3	Hyperlink:	text or images that, when clicked, opens another page or moves to another part of the document
4	Pixel:	picture element – one of the small squares that makes up a digital image
5	Safe search	automatic filtering of search results to remove most, if not all, adult and other inappropriate content
