

Summer Term

As we return for our final term in school, we are looking forward to so many exciting opportunities. The warm, dry weather means that field studies can take place around our grounds, exploring habitats, plants and animals that live in our local community.

There will be local trips to Forty Hall and Town Park coming up, as well as trips to London. We also look forward to our sports days and of course, our Jubilee Week of celebration. Please continue to check your messages, emails and parentpay requests.

Cricket Team knocks everyone for six!

Towards the end of last term, our cricket team took part in the Enfield Borough Cricket Tournament at Winchmore Hill Cricket Club. They played against a range of schools, including private schools. Not only did they beat the reigning champions, they won every game! Mrs Dilieto and Mr Cook returned with the team, armed with a huge shield.

A message from Mr Cook; *"The boys went into the tournament with a great attitude. They were gracious in victory and had to dig really deep to pull out a win in the final against a tough opposition. The team should be really proud of themselves for managing to go the whole day undefeated and bringing home the trophy. Well done boys!"*

Other cricket opportunities

As well as our successful cricket team, our **Year 5** boys spent two afternoons learning to play cricket at Enfield Grammar School. It is really lovely to see the links with our local schools re-starting again, after two years.

This week, **Year 3** children took part in cricket lessons, run by a coach from Middlesex Cricket Club. They had great fun learning new skills. **Years 5 and 6** are also learning cricket skills in their PE lessons with Coach Romaine.
